PROFESSIONAL EXPERIENCE

INFOLABZ IT SERVICES PVT. LTD.

Jun-2023 - Aug-2024

Intern as Frontend Developer

As an intern at Infolabz, I collaborate closely with senior developers on diverse projects, honing my communication and teamwork skills. Actively involved in live projects, I contribute to the team effort, gaining valuable hands-on experience in project execution and development processes.

AstroJal Technology

Apr 2025 - Aug 2025

Project Management Assistant

I have been pursuing an internship at a company specializing in PHP and Laravel since April 2025. During this time, I have gained practical experience in web development, including learning jQuery for front-end interactions. I am also actively working on enhancing my PHP skills, particularly in backend development.

PROJECTS

React-GSAP-Three.js

[Link](#)

- I Built an interactive 3D experience using React.js, Three.js, and React Three Fiber, integrating GLTF models, custom materials, and real-time lighting for a visually rich UI.
- Implemented smooth GSAP-driven animations and dynamic material transitions triggered by user events, improving engagement and overall performance of the 3D interface
